

Dear friends and family,

Greetings from Bracieux.

We arrived back last Friday after a very long trip (night flight to Paris, high speed train to Tours, rental car to Bracieux). We almost didn't make as at O'Hare airport American Airlines said our tickets had been canceled. We couldn't do anything at that time but pay an additional \$ 705 in fees. But at least we made it onto the plane and home.

We want to express again our thanks to everyone for how we were recieved, housed, blessed and encouraged during our trip.

Once we've got them on-line, you'll be able to see pictures of the trip as seen through our kids' eyes and experiences.

Next month we'll send out a letter giving an overview of our time in the US and of what's ahead of us. Just a hint: we're not going to be idle in the next few months!

God bless

Richard
